### Medical Insurance

Medical insurance coverage is mandatory for all residents of British Columbia. The College provides information and assistance by helping students to secure access to provincial healthcare or by connecting students with a suitable insurance provider.

Proof of medical insurance coverage is mandatory for all students prior to course registration and must be maintained while attending the College. All students are expected to maintain valid medical insurance for the duration of their studies.

The College is not liable for any medical or dental expenses. Students from outside British Columbia, particularly international students, must obtain Visitors to Canada medical insurance to provide them with coverage for the first 90 days upon arrival in Canada. This 90-day waiting period is required by the BC government in order to process the student's application for BC Medical Services Plan (MSP) and is governed by the BC MSP Act.

The BC MSP card becomes effective 90 days after your arrival in BC and the temporary Visitors to Canada medical insurance expires accordingly.

Students from other Canadian provinces must also obtain BC MSP and should check with their respective provincial medical services plan to verify what coverage would apply until they receive their new BC MSP card.

Medical insurance information, assistance, and application forms are available to be picked up from the Office of the Registrar at the campus or online at [www.guildfordcollege.com](http://www.guildfordcollege.com).
